Special Craftsbury Selectboard Meeting Thursday, July 17, 2025
10AM at Craftsbury Town Garage

Present: Tyler Billingsley, Bruce Urie, Jim Jones, Alison Blaney & Michelle Warren

Agenda Item: Town Garage Bridge Review

- The Selectboard reviewed the potential map for the Town Garage bridge. A decision on the surface type (cement, gravel, or paved) will be made at the next regular Selectboard meeting. Following this decision, Tyler will provide an estimated cost for the chosen option.

Agenda Item: Discuss Utility Value State Correction for Grand List

- The Selectboard discussed a late correction from the State regarding utility values, which impacted the Grand List after it was lodged. This change resulted in an estimated revenue reduction of approximately $46,433, as estimated by Jeremiah McCann, lister. Following discussion, Alison made a motion to use funds from the general fund to cover the shortfall in Grand List revenues, rather than sending out adjusted tax bills. The motion carried unanimously.
