

MEMBERSHIP RESPONSIBILITIES OF THE CRAFTSBURY CONSERVATION COMMISSION

The Craftsbury Conservation Commission was established by town vote in 2007 under State Statute 24, Chapter 118. The Commission has nine members appointed by the Select Board for 4-year terms. When a position becomes open, the Commission makes it known to the public, and any resident of Craftsbury with experience and/or interest in natural history and the conservation of Craftsbury's natural resources may apply by writing a letter or email to the Chair of the Commission. Appointments are made by the Selectboard on recommendation of the Commission.

Attendance is expected at all regular meetings which are held the 3rd Monday of each month. From time to time, special meetings may be called. The Commission meets at 7:00 p.m. in the Town Hall. The Commission sponsors events from time to time and members who are available also help with those. For quorum reasons, a member should inform the Chair if unable to attend a meeting.

Once appointed, new members are requested to read and become familiar with the following:
